

IN THE ABSTRACT OF THE DISCLOSURE

Kindly replace the Abstract with the following:

~~The present invention describes novel antiinfective compounds, process for their preparation and pharmaceutical compositions containing them~~ We describe compounds of general formula (I), their pharmaceutically acceptable salts of the compounds, pharmaceutical compositions containing them and intermediates involved in their synthesis as well as processes for preparing them

The compounds of the present invention are useful in the treatment of a number of human and veterinary pathogens, including aerobic as well as anaerobic Gram-positive and Gram-negative organisms.
